# 1 Introduction

The Council is required to produce an Authority Monitoring Report (AMR) by Section 113 of the Localism Act. Detail of what must be included is set out by Regulation 34 of the Town and Country Planning (Local Planning) (England) Regulations 2012. The AMR must be published at least annually and set out:

- The title, timetable, and progress towards the production of Local Plans or Supplementary Planning Documents specified in the local planning authority's local development scheme.
- Net additional dwellings provided since the Local Plan adoption.
- Neighbourhood Development Plan progress.
- Community Infrastructure Levy information (where applicable)
- Duty to Co-operate information.

The AMR also reports on the monitoring indicators set out in Appendix 2 of the Kirklees Local Plan (Adopted February 2019) and any issues arising from the monitoring of Made Neighbourhood Development Plans by the relevant qualifying bodies. A qualifying body is a Parish or Town Council or a Neighbourhood Forum that has been specifically designated for the purpose of developing a neighbourhood development plan.

## 2 Assessing progress against the Local Development Scheme

An updated Kirklees Local Development Scheme (LDS) was approved at Cabinet on 8<sup>th</sup> July 2025. A copy of the LDS can be viewed at: [Local Development Scheme \(local Plan Timetable\) | Kirklees Council<sup>1</sup>](#). The updated LDS 2025 replaces the previous LDS approved in March 2024. The LDS sets out the timetable for the planning policy and guidance documents being prepared by the council or jointly with other adjoining authorities and/or West Yorkshire Combined Authority. The following sections provide an update in relation to the Development Plan, including the Kirklees Local Plan update and the West Yorkshire Joint Mass Transit Spatial Development Framework Development Plan Document, Supplementary Planning Documents, guidance, and emerging Neighbourhood Development Plans.

### 2.1 Development Plan

The Kirklees Development Plan consists of the Kirklees Local Plan and the Holme Valley Neighbourhood Development Plan<sup>2</sup>. These can be found on the council's website [www.kirklees.gov.uk/localplan](http://www.kirklees.gov.uk/localplan).

The Kirklees Local Plan was adopted on 27<sup>th</sup> February 2019 and includes a Strategy and Policies document, an Allocations and Designations document and a Policies Map showing land allocations and designations. Appendix 2 of the Local Plan Strategy and Policies Document sets out the Monitoring Framework for the policies within the Local Plan.

A formal decision to commence with an update of the Local Plan was made by Full Council on 15<sup>th</sup> November 2023. The updated Kirklees Local Plan period will cover 2024 – 2043.

The main work areas to inform the Local Plan update to date has included:

- Commissioning of new or updated evidence to inform a revised spatial development strategy and planning policies.
- Working with internal/external stakeholders and partners to identify issues, challenges and opportunities to scope the content of the Local Plan.
- Review of existing planning policies to set a planning framework for decisions on planning applications.

---

<sup>1</sup> <https://www.kirklees.gov.uk/beta/planning-policy/local-plan-timetable.aspx>

<sup>2</sup> For planning applications in the Holme Valley Parish Council area

- Call for sites – inviting landowners, agents and members of the public to submit sites for development purposes.
- Site assessments – reviewing and developing a methodology to assess potential development sites; and
- Responding to the government’s consultation on planning reforms and proposed changes to the National Planning Policy Framework.
- A series of early engagement meetings and an early engagement exercise seeking views on the vision, priorities and content of the Local Plan.
- Updating the council’s Local Development Scheme and its Statement of Community Involvement.

The council is currently waiting the enactment of the government’s new plan-making system and the publication of National Development Management Policies. It will review the Local Development Scheme in the light of any revised statutory requirements and/or changes to national planning policy.

The Holme Valley Neighbourhood Development Plan (HVNDP) covers the Holme Valley Parish Council area including part of the Peak District National Park and was made (brought into force) by Kirklees Council on 8<sup>th</sup> December 2021 and by the Peak District National Park Authority on 10<sup>th</sup> December 2021.

The HVNDP comprises the policies document and associated designations. The HVNDP divides the neighbourhood area geographically into eight Landscape Character Areas where different policy considerations apply. The HVNDP designates four sites as Local Green Space and identifies individual buildings and structures to which new policy relating to their value as heritage assets now applies.

## 2.2 West Yorkshire Joint Mass Transit Spatial Development Framework Development Plan Document (DPD)

A formal decision was made by council on 17<sup>th</sup> September 2025 to commence a joint development plan document (DPD) in collaboration with Bradford Council, Calderdale Council, Leeds City Council and Wakefield Council and West Yorkshire Combined Authority. The aim of the DPD is to provide a planning framework for Mass Transit and aligned growth objectives. Once adopted, the Joint DPD will form part of the Local Development Plan for Kirklees. The Joint DPD (Part 1) will be a network-wide strategic spatial planning policy document for the delivery of current planned and future phases of Mass Transit and recognition of the wider benefits to arise from evolution of transit corridors to economic growth corridors. Planned adoption of the joint DPD is Spring 2027. For more details, see the council’s Local Development Scheme.

## 2.3 Supplementary Planning Documents (SPDs)

Supplementary Planning Documents (SPDs) provide further guidance and information relating to one or more specific policies or proposals set out in the Local Plan and once adopted they are material considerations when determining planning applications. A full list of adopted Supplementary Planning Documents can be found on the council website [Adopted Supplementary Planning Documents \(SPDs\) | Kirklees Council](#)<sup>3</sup>. The Supplementary Planning Documents all form part of the objective of creating quality places.

### 2.3.1 Hot Food Takeaway SPD

The Kirklees Hot Food Takeaway SPD was adopted on 21 September 2022 and, provides further guidance to businesses and the local community on how the Local Planning Authority will assess planning applications for new hot food takeaways under Kirklees Local Plan policies LP16 (Food and drink uses and the evening economy) and LP47 (Healthy, active and safe lifestyles) and how decisions will be made which balance the need to consider the vitality and viability of centres whilst promoting healthy, active and safe lifestyles.

- 2023/92353 for the erection of a two-storey side extension and a single storey rear extension with a flat roof canopy
- 2023/92740 to raise the roof height to provide additional accommodation (within a Conservation Area)
- 2023/93445 for the erection of a garage and gym/office (Listed Building within a Conservation Area)
- 2023/93625 for the erection of extensions and alterations
- 2024/90999 for the erection of an outbuilding (retrospective)
- 2024/91501 for the erection of a front porch (within a Conservation Area)
- 2024/92174 for the raising of the raising of roof height to create first floor accommodation, erection of extensions and alterations
- 2024/93543 for the erection of front and rear single storey extensions

### 2.3.5 Open Space SPD

The Kirklees Open Space SPD, adopted on 29 June 2021, provides guidance on the implementation of Local Plan New Open Space policy (policy LP63) which requires new housing developments to provide and/or contribute towards new or improved open space provision. The rates used to calculate financial contributions, in lieu of providing open space provision on site, have been updated and increased for 2024/25 to reflect cost changes and rates in-line with inflation. The updated rates are available on the council's website at [Open Space SPD Update Note, August 2024<sup>4</sup>](#).

## 2.4 Further guidance

During the 2024/25 monitoring period, no new Guidance Notes and Technical Advice Notes were prepared to support decision making and implementation of planning applications.

The council's approved Guidance and Technical advice notes can be found at:

<https://www.kirklees.gov.uk/beta/planning-applications/guidance-and-advice-notes.aspx> and includes the following:

- Viability Guidance (approved 10<sup>th</sup> June 2020) - This principally provides advice on the level of information the council require to commence discussions around development viability.
- Biodiversity Net Gain Technical Advice Note (approved 29<sup>th</sup> June 2021) - Sets out clear guidance on how biodiversity should be considered throughout the development process, including the utilisation of Defra's Biodiversity metric to demonstrate a mandatory 10% net gain in biodiversity as set out in the Environment Bill which received Royal Assent on 9<sup>th</sup> November 2021.
- Climate Change for Planning Applications guidance (approved 23<sup>rd</sup> June 2021) - Provides guidance for developers in relation to a range of factors relating to energy demand, waste, renewable energy, flooding, water use and landscaping. This is to inform a Climate Change Statement to be submitted with planning applications.
- Kirklees Interim Housing Position Statement to boost supply February 2024.
- Dewsbury Repairs Leaflet.
- Dewsbury Design Guide.
- Dewsbury Conservation Area Guidance (May 2020).
- Public Art Policy.

<sup>4</sup> <https://www.kirklees.gov.uk/beta/planning-policy/pdf/open-space-updated-financial-contribution-rates.pdf>

- Going Smokefree - A Planning Advice Note on Smoking Shelters and Other Features.
- Guidance on Noise, Odour and Air Quality Control for Residential Development in Town centres.
- Rapid Health Impact Assessment (HIA) for spatial planning.
- Planning application supporting guidance for trees.
- Waste Management Design Guide for New Developments.

## 2.5 Neighbourhood Development Plans

In Kirklees, there are currently four areas of the district that have had a Neighbourhood Area designated for the purposes of producing a Neighbourhood Development Plan. A map showing the coverage of each area can be found on the Council's website<sup>5</sup>. The Holme Valley Neighbourhood Area includes part of the Peak District National Park. The Peak District National Park Authority (PDNPA) is the planning body for this area.

There are several key stages in the production of a Neighbourhood Development Plan following designation of a Neighbourhood Area. These include pre-submission consultation and publicity on the draft plan, submission to Kirklees Council, independent examination of the plan, referendum and making of the plan. The referendum may be in the Neighbourhood Plan Area or wider dependant on the decision of the examiner. For the plan to be successful at a referendum it needs to achieve a vote of more than 50% from those voting in the area affected. Plans which are 'made' (brought into force) become part of the statutory development plan for the area covered by the plan. Progress on Neighbourhood Development Plans is set out below and further details can be found on the Neighbourhood group websites.

**TABLE 7 - MADE NEIGHBOURHOOD DEVELOPMENT PLANS**

Area	Neighbourhood Group (Qualifying body)	Date Neighbourhood Area Approved	Date Made
Holme Valley	Holme Valley Parish Council	27 January 2015 (Kirklees Council)  13 February 2015 (Peak District National Park Authority)	Holme Valley Neighbourhood Development Plan was made (brought into force) at a meeting of full council on 8 <sup>th</sup> December 2021. It is part of the development plan for the Holme Valley Neighbourhood Area alongside the Kirklees Local Plan.

## 2.6 Infrastructure Funding Statement

In accordance with the Community Infrastructure Levy Regulations (CIL) (Regulation 121A), any authority that receives a contribution from development through the Community Infrastructure Levy or Section 106 planning obligations must prepare an annual Infrastructure Funding Statement (IFS). The IFS provides a summary of financial contributions the Council has secured through Section 106 agreements from new developments for off-site infrastructure works and affordable housing. The information included in the IFS is updated annually and made available on the council website: [Infrastructure Funding Statement \(IFS\)](#)<sup>6</sup>

## 3 Duty to Cooperate

The Duty to Co-operate (DtC) is set out in section 110 of the Localism Act 2011 and section 33A of the Planning and Compulsory Purchase Act 2004. Paragraph 24 of the National Planning Policy Framework states that “*local planning authorities...are under a duty to cooperate with each other, and with prescribed bodies, on strategic matters that cross administrative boundaries*”. It further states at paragraph 27 “*in order to demonstrate effective and on-going joint working, strategic policy-making authorities should prepare and maintain one or more statements of common ground, documenting the cross-boundary matters being addressed and progress in cooperating to address these. These should be produced using the approach set out in national planning guidance and be made publicly available throughout the plan-making process to provide transparency*”.

The Local Authorities sharing a boundary with Kirklees are:

- Calderdale Council
- City of Bradford MDC
- Leeds City Council
- Wakefield Council
- Barnsley Council

<sup>6</sup> <https://www.kirklees.gov.uk/beta/planning-policy/information-monitoring.aspx>

- Oldham Council
- Peak District National Park Authority

The district also shares a boundary with High Peak Borough Council, however the responsibility for planning functions in the area adjacent to Kirklees rests with the Peak District National Park Authority. The Duty also applies to other prescribed public bodies.

Kirklees is one of the authorities forming the West Yorkshire Combined Authority (WYCA).

The council continues to attend regular meetings and work with adjoining authorities and other public bodies to discuss strategic cross-boundary issues. The council is also committed to ongoing Dtc discussions through the plan making processes.

**LP3i DEMONSTRATION OF A FIVE YEAR SUPPLY OF DELIVERABLE HOUSING CAPACITY**

National planning policy requires local planning authorities to demonstrate five years supply of specific deliverable housing sites against their housing requirement. This includes consideration of sites with full planning permission as well as sites with outline permission or allocated in the Local Plan where there is clear evidence to justify their inclusion in the supply.

In accordance with the NPPF, where strategic policies are more than five years old and have not been reviewed and found up to date, the five-year housing land supply must be assessed against local housing need calculated using the standard method. The local housing need figure for Kirklees, in this monitoring period, was 1,840 dwellings per annum.

National policy also states that calculations must include a buffer of 5% to allow for choice and competition in the market for land or 20% where there is “significant under delivery of housing”. The buffer to be applied is determined by the Housing Delivery Test (HDT) results. The latest HDT results in 2023 determined that Kirklees include a 20% buffer in the five-year supply calculations.

The assessment of the required housing within the five-year period (using the standard method calculation and incorporating a 20% buffer) compared to the deliverable housing capacity shows the current land supply position in Kirklees is 4.18 years.

<sup>7</sup> Affordable Homes acquired and delivered by Registered Housing Providers through S106 Agreements. Built by developers and acquired by Registered Providers (RP), arising from policy requirements and subsidies.

<sup>8</sup> In 2021/22 the council acquired a flat as temporary accommodation for rough sleepers. This is not included in the figures above, but it is a permanent addition to the council's stock.

<sup>9</sup> 3 x Social rent units were reported to DLUHC as 'Owned by non-registered providers with developer contributions via planning obligations.' These have been added to the total for Registered Provider figures for social rent, making the total increased from 28 reported to DLUHC to 31. The units were built by a developer and transferred to an RP however the RP didn't report the completions to us only the developer.

<sup>10</sup> 6 x Starter Home units were reported to Homes England by the Developer as 'Affordable Home Ownership – Shared Ownership' due to 'Starter Homes' not being an option as it is not seen as a formal product by Homes England. These have been included under Starter Homes.

<sup>11</sup> Data received from a housing developer reported an extra 3 x Shared Ownership units transferred to a RP (not via S106) and 6 x Shared Ownership transferred to a different RP (via S106). These units were not reported to us via the RPs and therefore were not included in DLUHC returns. These dwellings are not included in the figures above.

The reconfiguration of Batley Plaza and units along Alfreds Way have caused some notable changes this year. The decision was made to remove the units from the Primary Shopping Frontage along Alfreds Way and Batley Plaza as the units no longer align with the defined frontage. This will be reviewed as part of the Local Plan process.

## 9.1 Primary Shopping Frontages

The aim of the shopping frontages policy is to maintain primary shopping frontages in over 60% A1 retail use (comparison goods, convenience goods and retail services) at ground floor level. A1 refers to the use class prior to the introduction of the new use class E on the 1 September 2020.

The reconfiguration of Batley Plaza and units along Alfreds Way have caused some notable changes this year. The decision was made to remove the units from the Primary Shopping Frontage along Alfreds Way and Batley Plaza as they no longer align with the defined frontage. This will be reviewed in due course.

## 10 Transport

**TABLE 54 – LP19A CAR JOURNEY TIME RELIABILITY (MM:SS)**

This is based on a new data collection system called Drakewell whereby detectors are installed on traffic signals record the journey times vehicles take between signals on the road network in Kirklees. The AM data is collected between 0800 and 0900 hours whilst the PM data is collected between 1700 and 1800 hours. Please note the data below represents weekday counts.

Travel plans are always requested for applications that meet the defined threshold as set out in the Highway Design Guide SPD. The details of which are decided on a case-by-case basis in the planning application decision. Other applications, such as those falling under the defined threshold, may have travel plans submitted but these are not routinely monitored.

There are 4 Conservation Areas considered at risk: Birkby, Dewsbury Town Centre, Huddersfield Town Centre and Station Road, Batley. Figures for buildings at risk have been taken from the national Heritage at Risk Register 2024-5 and include those designated at Grade I and II\* as well as churches at any grade. They do not include secular Grade II listed buildings as we do not keep a formal record of these.
