Overview: The chart on page 134 (and Table B on page 135) shows the demand for Reception places from children resident in this planning area is expected to show a slight decline.

In 2020/21 there were a number of unfilled places at several schools.

In 2021/22 there were unfilled places at national offer day across most of the schools. The pattern of pupil distribution illustrates that the majority of children (72%) living in the planning area attend schools in the area, with a number of pupils (11%) attending schools here from neighbouring planning areas. Parental preference continues to be a factor in the migration to neighbouring planning areas and schools in Calderdale LA which borders this planning area, however, this may change over time.

For 2022, 2023 and 2024 population data indicate a slight decline towards 2023 rising again in 2024 to just below current levels. There are two housing development sites with planning permission. One site, providing 160 dwellings, is to commence in 2022 and is expected to take around four years to complete. The second, providing 252 dwellings, has commenced but isn't expected to be completed for around six years. Should there be continued demand from housing development in the neighbouring Huddersfield North West planning area, capacity remains available in schools in this planning area that can meet this need, with a re-balancing of demand and parental preference over time. There is also a proposed strategic housing development site in the Local Plan, the impact of this site on school places remains under constant review.

With a number of children who travel OUT of the PA to schools in neighbouring PAs in Calderdale. • No need for additional places. This will be kept under review in light of all potential and ongoing housing development.
