

**KIRKLEES COUNCIL
HIGHWAYS ACT 1980 – SECTION 90 A-F
CROSS BANK ROAD, BATLEY – CARLINGHOW LANE TO MELTON STREET**

Statement of Reasons

Kirklees Council is proposing to introduce Traffic Calming measures in the form of four sets of Speed Cushions along Cross Bank Road and the creation of a Humped crossing at an existing Zebra facility on Carlinghow Lane in Batley, Huddersfield.

The proposals are intended enhance the traffic calming effect of the two existing humped zebra crossings along the route by encouraging drivers to travel within the posted speed limit. This outcome will reduce the frequency and severity of future road traffic injury collisions, particularly those involving vulnerable road users (pedestrians and cyclists).
