

Holmfirth TRO No 9 2020 **New Road, Netherthong**

Statement of reasons

The “no waiting at any time” restrictions is required to fulfil a planning condition for Planning Permission no. 2016/62/91343/W.

The restriction is required to prevent parking blocking visibility from the new access which has been constructed as a result of the planning permission. Secondly the restriction will also prevent parking along this section on New Road so that vehicles can flow freely.

It is intended that these proposals will facilitate the free flow of traffic on the road concerned and improve road safety for the new access.
