

(TRAFFIC REGULATION) (NO. 15) ORDER 2022

**STONEFIELD STREET, PYRAH STREET, HOPE STREET, HARTLEY STREET,
TOLSON STREET, DEWSBURY**

STATEMENT OF REASONS

Planning permission has been granted to build a Police Station on the site of the former Kirklees College on Halifax Road, Dewsbury.

As part of the works, it is necessary to construct new entrances and exits to the site off both Stonefield Street and Pyrah Street. These accesses will be required both for the construction of the works and the completed Police Station.

This Traffic Regulation Order is proposed to remove sections of 'permit holders only' parking in the vicinity of the new entrances and exits points to help improve access, visibility and safety for all users.

It is also proposed to issue permits allowing permit holders in the area to park in any of the permit bays on Stonefield Street, Pyrah Street, Hope Street, Hartley Street and Tolson Street as well as extend an existing permit bay on Pyrah Street to provide additional permit parking here for all the residents.

It is believed these proposals will improve the amenities in the area through which these roads run.
