

KIRKLEES COUNCIL (SL)(No 105) ORDER 2019

B6118 LILEY LANE, GRANGE MOOR

Statement of reasons

Planning permission has been granted to construct 4 detached dwellings on land off Liley Lane in Grange Moor.

As part of the development, improvements are proposed to Liley Lane to provide the new access and improve visibility along the site frontage.

This Traffic Regulation Order is proposed to relocate the existing speed limit to increase awareness and reduce vehicle speeds as they approach the new junction.

It is believed this proposal will reduce the vehicles speeds prior to the junction and therefore improve safety for all road users.
