

**KIRKLEES COUNCIL
(TRAFFIC REGULATION) (NO. 14) ORDER 2022
MARKEY PLACE, BATLEY**

Statement of reasons for making the order:

A disabled bay in the lay-by at the bottom of Market Place is currently unenforceable. In addition, a taxi bay at this location has recently been reduced in length. So, it is proposed to process a Traffic Regulation Order to ensure the disabled bay can be enforced and to introduce a section of limited waiting outside the shops in between the disabled bay and the shortened taxi bay to encourage a turnover of vehicles for shoppers using this area.

It is also proposed to provide a section of 'No Waiting At Any Time' parking restrictions directly opposite to the parking lay-by to prevent double parking here and improve access up and down the road.
