

**Cleckheaton TRO No. 2 2021**  
**Kaye Street, Alfred Street, Heckmondwike**

**Statement of reasons**

Concerns have been raised that vehicles parking up to and on the junction of Kaye Street/Alfred Street, Heckmondwike block access for vehicles delivering to and collecting from the business at the end of Alfred Street. To resolve these problems it is proposed to provide 10 metre lengths of 'No Waiting At Any Time' restrictions on Kaye Lane at each side of the junction, and on the south west side of Alfred Street, and shorten the permit parking bay here accordingly.

It is intended that these proposals will facilitate the free flow of traffic on the roads concerned and improve road safety for all road users.
