

## **KIRKLEES COUNCIL**

### **TRAFFIC REGULATION No.21 ORDER 2022**

#### **Blackmoorfoot Road junction with Mill Street, Huddersfield**

##### **Statement of Reasons for proposing to make the order**

As part of the Highway Safety Programme, a Casualty Prevention Scheme to help reduce the number of Road Traffic Injury Collisions is to be introduced at the junction.

The safety measures include the construction of footway buildouts to improve visibility for drivers entering the main road from the side street.

It is proposed to extend the existing 'No waiting at any time' parking restrictions for a short distance on Blackmoorfoot Road, either side of its junction with Mill Street, to protect the buildout features from injudicious parking activity that would otherwise compromise their functionality and effectiveness.

It is also proposed to introduce a loading bay, 8m southwest of the junction with Mill Street, for distance of 10m, operational from Mon-Sat during the hours of 8am and 6pm.

It is believed these proposals will improve safety and accessibility at the junction for all road users.
