

## **FIRTH STREET, HUDDERSFIELD (Puffin Crossing)**

### **Statement of reasons for proposing to make the order**

Due to very high pedestrian use of the existing zebra crossing outside of the School of Education and Professional Development, on Firth Street Huddersfield, there have been issues with congestion and safety.

Therefore, it is proposed to convert this zebra crossing to a PUFFIN type signal-controlled crossing, which will improve control of the flows of both pedestrians and vehicles. The existing crossing location and controlled area extents will remain unchanged.
