

KIRKLEES COUNCIL
Traffic Calming Scheme – Statement of Reasons
Hill Top Estate, Heckmondwike

This traffic scheme is proposed following funding being made available via the Heckmondwike Local Members Project Fund, to provide the safety measures within this area. The local ward councillors, based on their experience and knowledge of their wards and concerns expressed by residents, have proposed to use a part of that funding to provide traffic calming within Hill Top Estate.

This scheme is design to tackle the issues of inappropriate speed and anti-social behaviour based around motor vehicles.
