

All Age Disability Service – Short breaks and Respite

We need your help to shape the future of short breaks and respite services for disabled children, young people and adults...Do you or a family member access these types of services?

Short breaks give disabled children and young people the opportunity to have fun experiences with or without their parents or carers.

Respite gives disabled adults a chance to take part in activities and develop life skills, whilst giving their parents or carers a break .

Short breaks and respite services come in many different forms - from support during the day, to an overnight stay, and can last for a few hours or up to a number of days.

We would be grateful if you could tell us what is important to you by answering a short questionnaire at www.kirklees.gov.uk/AADsurvey
The closing date is 21st October 2016.

We recognise that some people prefer a face to face discussion to completing a questionnaire, so we're also holding some informal drop in sessions. Please feel free to call in and speak to a member of the team – dates and venues of the sessions are in the table to the right.

For further information please contact Collette Lake or Jennie Dyson on 01484 221000, or by email to collette.lake@kirklees.gov.uk or jennie.dyson@kirklees.gov.uk
