

## This is how we demonstrate the rule of law

Together we will establish learning agreements for behaviour in our learning places

Through the safety of role play we will explore the rule of law

Together we have the space and time for discussing topical issues

During induction we clearly outline what you can expect from us and provide this in writing to you

We use the internet and online resources appropriately and safely

Together we create safe, trusting learning spaces, in order to build strong relationships between us all

Community Learning in Kirklees

Supported by Kirklees Community Learning Trust We discuss
online safety
rules which
incorporate
respect for
ourselves and
others
