DISCLAIMER

The content of this Annual Monitoring Report is based on information that was available at 31st March 2013 and the Council does not take liability for any omissions and/or factual inaccuracies. In relation to the site lists in Appendix A, these should be read in conjunction with the Strategic Housing Land Availability Assessment (SHLAA) document and relevant disclaimers at www.kirklees.gov.uk/shlaa

Summary

- This report covers the period from April 2012 to March 2013. Additional information is included for 2011/12 for indicators not reported in the previous annual monitoring report.
- The report covers a number of indicators including information on housing, employment, open space, shops and services and waste.
- The council has two adopted Supplementary Planning Documents. These relate to Negotiating Financial Contributions for Transport Improvements (Leeds Road, Huddersfield) and to Affordable Housing. The performance of these policies is outlined in section 4.
- Net housing completions for 2012/13 were 753.
- During 2012/13, 70.44% of housing completions were on previously developed (brownfield) land.

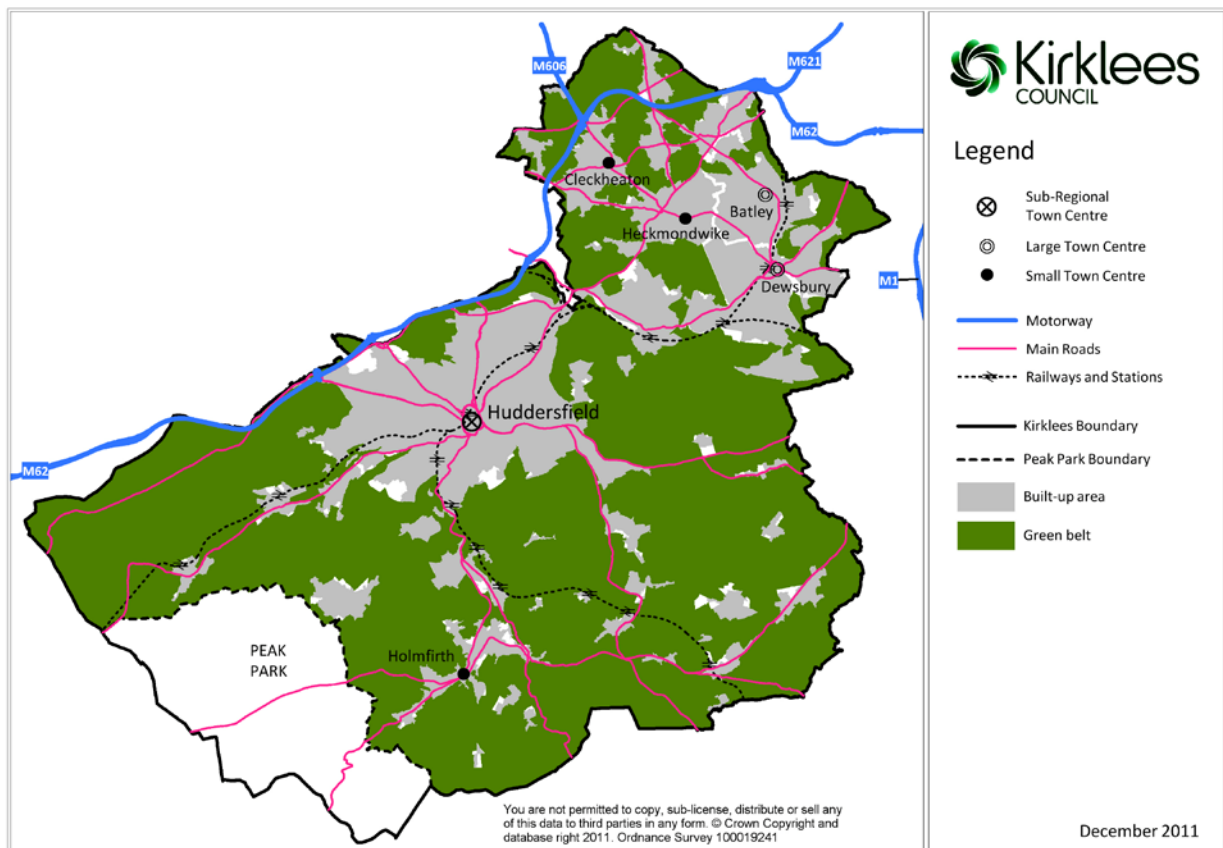

1. Introduction

- 1.1. Under the Planning and Compulsory Purchase Act 2004, councils are required to produce an annual monitoring report for each financial year assessing the implementation of the council's Local Development Scheme (LDS), and the extent to which policies are being successfully implemented.
- 1.2. Each report is published on the council's website (www.kirklees.gov.uk/ldf). The 2011/12 Annual Monitoring Report (AMR) only included housing information. This report covers the period from April 2012 to March 2013 but it also includes information from the 2011/12 period where this was not presented in the previous AMR.
- 1.3. The Town and Country Planning (Local Development) (England) Regulations 2012 detail the requirements for the content of the annual monitoring report. In simple terms, the council is required to report on the following (relevant AMR sections shown in brackets):
 - details of progress made for each document specified in the Local Development Scheme, together with any steps to be taken if preparation has fallen behind the timetable, and details of any documents adopted or approved (section 3, section 4);
 - policies which are not being implemented, together with reasons why, and any steps to be taken to secure implementation to replace or amend the policy (section 5);
 - details of co-operation with another local planning authority or prescribed body (section 6);
 - number of net additional new homes built (including reference to affordable housing) (section 7);
 - details of neighbourhood plans and the implementation of the Community Infrastructure Levy (not currently applicable).

2. Kirklees context

- 2.1. Kirklees is one of five metropolitan districts in West Yorkshire, covering an area of 40,860 hectares. It is located on the western edge of the Yorkshire and Humber region and part of Kirklees is within the Peak District National Park.
- 2.2. The district contains a diverse mix of land uses with the main urban areas in the north and west containing the majority of the population. The green belt is extensive, covering 70.3% of the district (excluding Peak District National Park), particularly within the south. Kirklees is divided into 23 wards, with 59 designated conservation areas. The road and rail network provides good links to the surrounding cities of Manchester, Leeds, Bradford and Sheffield, with wider reaching connections provided via the M62 and the M1.

Figure 2a - Kirklees context map

3. Local Development Scheme implementation

- 3.1. The Local Development Scheme (LDS) is the timetable for the preparation of the LDF. It explains what documents are to be produced and when they will reach each stage of production. The most recent Local Development Scheme (LDS) was published in June 2011. The LDS can be viewed at www.kirklees.gov.uk/ldf
- 3.2. Figure 3a shows progress relating to Local Development Framework (LDF) documents within the monitoring period. On 6th March 2012, the council approved the LDF core strategy for submission to the Secretary of State. The next stage of the process was a 6 week period when representations - of objection or support - could be made about the proposals. The representations stage was undertaken between 20th September and 2nd November 2012.
- 3.3. On 2nd April 2013, the LDF core strategy and supporting documents were submitted to the Secretary of State. The inspector appointed to examine the core strategy expressed concern that in preparing the plan the Council may not have satisfied the duty to co-operate, in particular because the housing requirement was significantly less than that set out in RSS. Following an exploratory meeting on 18th September 2013 the Inspector wrote to the Council concluding that the duty to co-operate would not be met and recommending withdrawal of the core strategy. On 23rd October 2013 the Council resolved to withdraw the core strategy.
- 3.4. The council's revised LDF proposals will be published for consultation in due course. A revised Local Development Scheme (LDS) will also be issued to set out the timetable for the revised development plan process. The webpage at www.kirklees.gov.uk/localdevelopment will provide updated information in relation to the next steps to be taken.

Figure 3a – Local Development Scheme progress		
Document and stages	LDS target	Actual
DPD1 - Core Strategy & Development Policies		
Options	February 2009	February 2009
Draft proposals (Preferred Option)	September 2010	December 2010
Publication representations period	October 2011	September 2012
Adoption	January 2013	See paragraph 3.3
DPD2 – Development and Open Space	An updated LDS timetable to be produced as a consequence of the withdrawal of the core strategy	
DPD3 – Huddersfield Town Centre AAP		

4. Adopted documents and policy monitoring

- 4.1 The implementation of a new development plan system which includes a robust monitoring framework will take time. Each local development document will need to develop its own monitoring framework. Figure 4a shows the Local Development Framework documents adopted by Kirklees as at 31st March 2013 (www.kirklees.gov.uk/ldf).

Figure 4a – Local Development Framework documents adopted (at 31st March 2013)	
Documents and monitoring	Adoption date
<p><u>1) Statement of Community Involvement (SCI)</u> The SCI will continue to be used to influence consultation methods on LDF documents.</p>	September 2006
<p><u>2) Supplementary Planning Document 1 (SPD1) - Negotiating Financial Contributions for Transport Improvements (Leeds Road, Huddersfield)</u> During the monitoring periods 2011/12 and 2012/13 no payments were received in relation to the requirements set out in SPD1. Any contributions received will be included in future publications.</p>	September 2007
<p><u>3) Supplementary Planning Document 2 (SPD2) - Affordable Housing</u> The council have continued the approach of introducing the Affordable Housing SPD in a phased manner in response to the current economic climate and comments received in the consultation process (www.kirklees.gov.uk/ldf). Total affordable housing completions during the monitoring period are shown in section 7 (housing).</p>	November 2008

5. Unimplemented policies

- 5.1. Councils are required to indicate in their annual monitoring report any policy which is not being implemented, together with a reason for non-implementation, details of any steps taken to secure implementation, or whether the council intends to prepare or revise a development plan document (DPD) to replace or amend the policy.
- 5.2. As no DPD has yet reached adoption the Kirklees UDP adopted in 1999 continues to be the statutory development plan. In early 2007, a policy saving exercise, taking account of guidance from the Secretary of State, examined whether UDP policies should be saved or not saved. Policies were proposed not to be saved where they were redundant due to the completion of developments or because of changes in national planning policy and also where they added nothing to relevant national policy.
- 5.3. As a result of a Direction issued by the Secretary of State for Communities and Local Government, from 28th September 2007 some policies in the UDP therefore continued to have effect (“saved policies”) and some did not as they were not saved (www.kirklees.gov.uk/udp). Following the publication of the National Planning Policy Framework (NPPF), the “saved” UDP policies continue to have effect where they are in accordance with the NPPF.

6. Duty to Co-operate

- 6.1 The duty to co-operate is set out in section 110 of the Localism Act 2011 and in paragraphs 178 - 181 of the National Planning Policy Framework (NPPF). Paragraph 181 of NPPF states that *“Local Planning Authorities will be expected to demonstrate evidence of having effectively co-operated to plan for issues with cross-boundary impacts when their Local Plans are submitted for examination”*.
- 6.2 Evidence relating to the Duty to Co-operate was submitted to the Secretary of State as part of the core strategy submission on 2nd April 2013. This information can be found at www.kirklees.gov.uk/localdevelopment. As stated in paragraph 3.3, the inspector appointed to examine the core strategy expressed concern that in preparing the plan the Council may not have satisfied the duty to co-operate.
- 6.3 The council will continue to work with neighbouring authorities in relation to potential cross-boundary issues during the preparation of a revised plan. Further details in relation to the Duty to Co-operate will be published in subsequent Annual Monitoring Report documents.

7. Housing

Context

- 7.1 Reporting on the delivery of additional dwelling provision is a particularly important element of annual monitoring reports. The annual monitoring report must specify the number of dwellings built during the period of the report (1st April 2012 – 31st March 2013) and dwellings built since the date when the current housing requirement came into effect. It also sets out the remaining capacity on housing sites and the calculation of the five year housing land supply.

Housing requirement

- 7.2 In May 2008, the Yorkshire and Humber Plan – Regional Spatial Strategy (RSS) was published (www.kirklees.gov.uk/ldfsupportdocuments). The RSS proposed an annual requirement of 1,060 dwellings for 2004-08 and 1,700 for 2008-26. The Yorkshire and Humber RSS was revoked on 22nd February 2013 through the provisions of the Localism Act.
- 7.3 On 2nd April 2013, the Council submitted the core strategy to the Secretary of State. This document proposed a housing requirement of 22,470 over the period between 2010 and 2028. The inspector appointed to examine the core strategy expressed concern that in preparing the plan the Council may not have satisfied the duty to co-operate, in particular because the housing requirement was significantly less than set in RSS. Following an exploratory meeting on 18th September 2013 the Inspector wrote to the Council concluding that the duty to co-operate would not be met and recommending withdrawal of the core strategy. On 23rd October 2013 the Council resolved to withdraw the core strategy.
- 7.4 As a consequence of the withdrawal of the core strategy no significant weight can now be given to its content. The council now considers that the RSS, although revoked, provides the appropriate basis for calculating the 5 year housing land supply as this is the most recent figure that has been subject to public examination (figure 7a).

Figure 7a – Yorkshire and Humber RSS housing requirement for Kirklees

	2004-2008	2008-2026
RSS	1,060 per annum	1,700 per annum

Housing completions

- 7.5 Figure 7b shows completions within Kirklees since the 2004 RSS base date. During 2012/13 there were 822 housing completions, offset by losses of 69. Consequently the net completions for the period 2012/13 stand at 753 compared to the RSS requirement of 1,700. Over the RSS period to date, figure 7b shows that there have been 11,355 completions compared to a requirement of 12,740 which represents a shortfall of 1,385.

Figure 7b – Net completions compared to the RSS requirement		
Year	RSS requirement	Net completions
2004/5	1,060	1,349
2005/6	1,060	1,074
2006/7	1,060	2,261
2007/8	1,060	2,281
2008/9	1,700	1,098
2009/10	1,700	692
2010/11	1,700	974
2011/12	1,700	873
2012/13	1,700	753
Total	12,740	11,355

- 7.6 National planning policy continues to advocate the effective use of land through re-use of brownfield (previously developed) land. It should be noted that in June 2010 private residential gardens were re-classified from brownfield (previously developed) to greenfield land.
- 7.7 Figure 7c shows that in 2012/13, 70.44% of new housing completions were on previously developed land.

Figure 7c – New and converted dwellings - on previously developed land			
	2010/11	2011/12	2012/13
Gross completions	1,106	965	822
Gross completions on previously developed land	913	726	579
% on previously developed land	82.55%	75.23%	70.44%

Accommodation for Gypsies and Travellers

- 7.8 There were no additional Gypsy and Traveller pitches provided in Kirklees during the monitoring period from April 2011 to March 2012 or from April 2012 to March 2013.

Affordable housing completions

- 7.9 Affordable housing, as defined in national planning policy, includes social rented, affordable rented and intermediate housing provided to eligible households whose needs are not met by the market. Negotiations to secure affordable housing within private sector developments continued in accordance with Supplementary Planning Document 2 (SPD2) (adopted in November 2008). During 2012/13, 268 affordable units were completed, which represents an increase on the figure for the previous year (figure 7d).

Figure 7d – Affordable housing completions					
	2008/9	2009/10	2010/11	2011/12	2012/13
Social Rented Homes	186	101	132	136	209
Affordable Rent (80% market rent)	-	-	-	-	6
Intermediate Homes	18	114	60	78	53
Affordable Homes Total	204	215	192	214	268

Housing density

- 7.10 Figure 7e provides information relating to the number of completions in 2012/13 based on site densities.

Figure 7e – Density of new housing completions (2012/13)		
	Dwellings	%
Less than 30 dwellings per hectare	82	10.0
30 dwellings or greater per hectare	740	90.0
Total	822	100

Remaining supply

- 7.11 The remaining housing supply is monitoring through the following processes:

- Strategic Housing Land Availability Assessment (SHLAA) – The purpose of the SHLAA is to provide information on sites that could potentially be used to meet the housing requirement in Kirklees. This now includes remaining UDP housing allocations. Much of the capacity within SHLAA is subject to policy constraints which restricts development at the present time. This primarily relates to green belt land. The latest SHLAA can be viewed at www.kirklees.gov.uk/shlaa
- Housing Land Supply Review (HLSR) - The council prepares this annual document with a base date of 1st April. The HLSR database monitors completions and remaining capacity on sites with planning permission and expired permissions (www.kirklees.gov.uk/ldfsupportdocuments).

- 7.12 Figure 7f shows the remaining housing supply on sites with planning permission and Unitary Development Plan (UDP) housing allocations without planning permission.

Figure 7f – Remaining supply on UDP housing allocations and sites with planning permission at the start of each monitoring year			
Monitoring Year	Dwellings with planning permission but not yet built at start of year	UDP allocations without planning permission at start of year	Total dwelling capacity from permissions and UDP allocations available at start of year
2004/5	4,625	5,175	9,800
2005/6	5,483	4,604	10,087
2006/7	7,331	4,591	11,922
2007/8	7,974	4,252	12,226
2008/9	7,674	3,872	11,546
2009/10	8,406	3,661	12,067
2010/11	7,491	3,559	11,050
2011/12	7,033	3,515	10,548
2012/13	6,514	3,062	9,576
2013/14	6,661	2,646	9,307

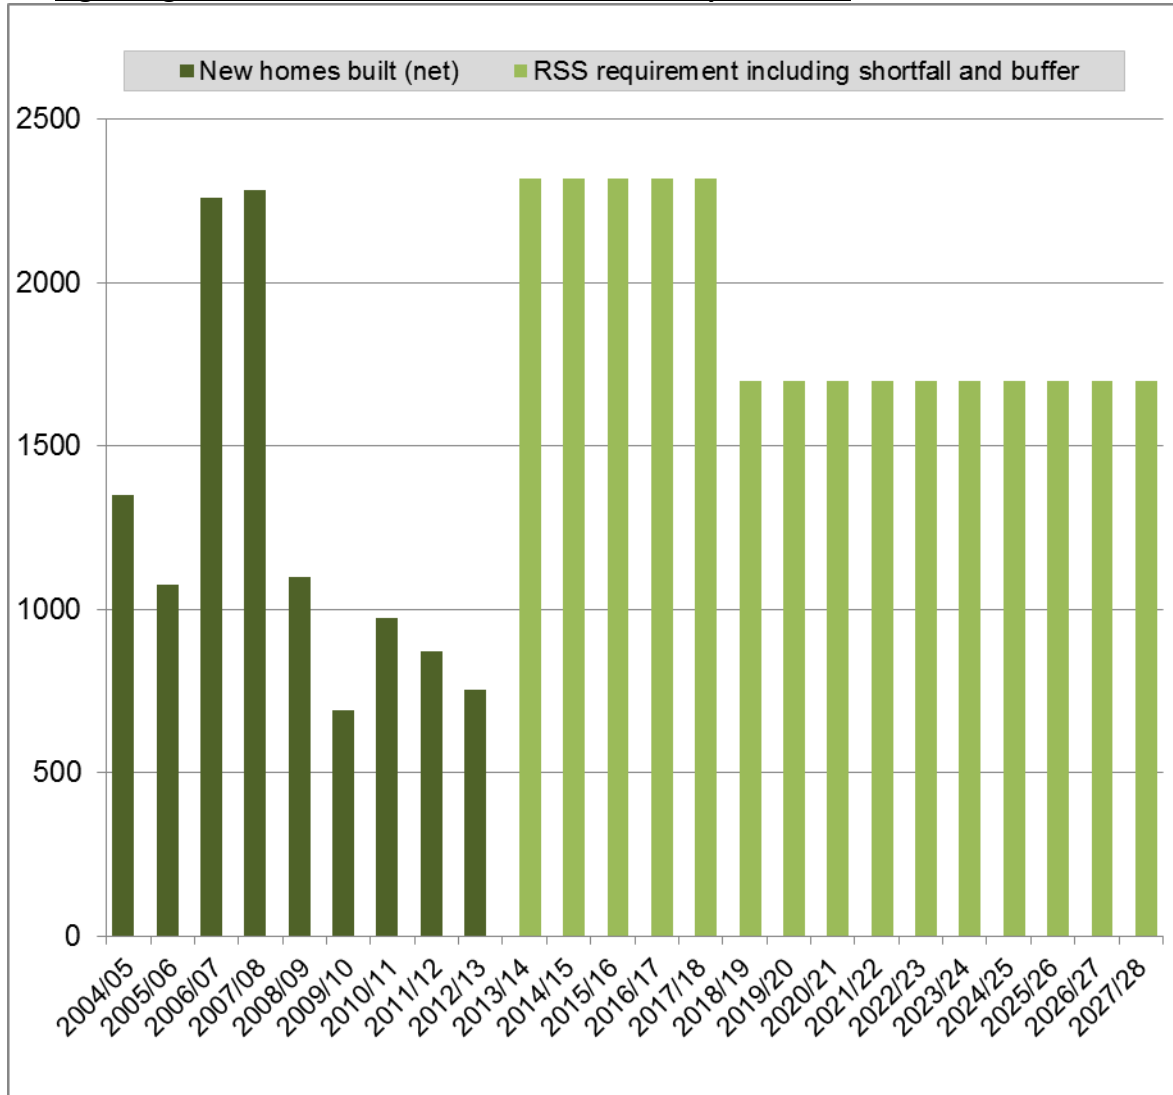

- 7.13 At 31st March 2013, the available housing capacity identified from planning permissions and remaining UDP allocations amounted to 9,307. In addition, there is potential housing capacity on other sites including those with expired planning permission and SHLAA sites.
- 7.14 The change in total dwelling capacity between each monitoring year in figure 7f is the result of the number of new permissions granted each year, the expiry of existing planning permissions and the number of housing completions. The significant increase in the number of dwellings with planning permission at 2006/7 resulted from the inclusion of buildings proposed for conversion in the dwelling supply for the first time.

Five year housing land supply

- 7.15 Guidance on the provision of land for housing contained in national planning policy indicates that local authorities should identify sufficient specific sites to deliver a five year housing supply.
- 7.16 The National Planning Policy Framework (NPPF) (paragraph 47) states that an additional buffer of 5% should be demonstrated and in cases where there has been a record of persistent under delivery of housing, the buffer should be increased to 20%. Since 2004, the cumulative completions compared to the RSS housing requirement have led to a shortfall of 1,385 (see figure 7b). Such under-provision in recent years indicates that a 20% buffer is appropriate. In line with national practice guidance, the shortfall

must be accommodated within the next five years as shown in the figure 7g. This creates a five year requirement of 11,585 dwellings (see figure 7h).

Figure 7g – Number of homes built and future requirements

7.17 As shown in figure 7f, there are valid residential planning permissions with a capacity of 6,661 dwelling units. Of these, 4,995 are considered as having high development potential (i.e. to be deliverable within five years). Further capacity is also expected to come forward within five years on unallocated SHLAA sites (297 dwellings) and some remaining UDP housing allocations (123 dwellings). On sites providing capacity within five years, there are potential losses through conversion or demolition equating to 107 dwellings leaving an overall capacity of 5,308 dwellings. The full sites lists are in Appendix A.

7.18 NPPF (paragraph 48) states that local planning authorities may make an allowance for windfall sites in the five year supply if there is compelling evidence that such sites have consistently become available in the local area and will continue to provide a reliable source of supply. Windfall sites of less

than 0.2 hectares (excluding residential gardens) have delivered an average of 256 dwellings per annum since 2008/09 with relatively small variations year on year irrespective of wide fluctuations in total completions. Using this as the basis of a windfall allowance and subtracting the capacity of sites less than 0.2 hectares with planning permission or expired permission and deliverable within 5 years, produces an allowance of 375 dwellings, increasing total 5 year capacity to 5,683 dwellings.

- 7.19 Figure 7h sets out a summary of the five year land supply calculation with reference to the relevant paragraphs of this report. At 31st March 2013, the five year land requirement is based on the RSS and on this basis the identified 5 year housing land capacity together with the windfall allowance represents **2.45 years' supply**.

Figure 7h – Five year supply calculation		
	AMR paragraph	Number of dwellings
<u>Requirement</u>		
RSS requirement (5 years)	7.4	8,500
20% buffer required	7.16	1,700
Accommodation of shortfall in completions compared to RSS	7.5	1,385
Total requirement over next five years	7.16	11,585
Total annual requirement over next five years	-	2,317
<u>Capacity deliverable within 5 years</u>		
Remaining planning permissions	7.17	4,995
Remaining UDP housing allocations	7.17	123
Unallocated SHLAA sites	7.17	297
Windfall allowance	7.18	375
Losses on five year supply sites (e.g. demolitions)	7.17	-107
Total capacity	7.18	5,683
Number of years supply (total capacity divided by annual requirement)		2.45 years

8 Employment, shops and services

Employment

- 8.1 To ensure adequate land is available for employment opportunities to be created, employment land take-up continues to be monitored by the council.
- 8.2 Saved policy B1 of the UDP seeks to meet the employment needs of the district by providing land to accommodate the requirements of existing Kirklees businesses and the establishment of new businesses. UDP saved policy B2 allocated 278.9 hectares for B1, B2 and B8 uses on sites of 0.4 hectares and above for the plan period. Take up in recent years is shown in figure 8a.

Figure 8a – Take up of employment land

	Hectares
2004/5	19.86
2005/6	0.51
2006/7	15.70
2007/8	13.33
2008/9	15.44
2009/10	9.00
2010/11 & 2011/12 *	10.08
2012/13	8.11

no data was collected in the 2010/11 monitoring year hence the figure collected in 2011/12 represented 2 years worth of take up

- 8.3 Figure 8b shows the amount of completed floorspace by use class constructed on employment sites over the same period.
- 8.4 The council prepares an annual Employment Land Supply Review (ELSR) with a base date of 1st April. The ELSR includes details of specific sites that are suitable for employment uses and their current planning status (UDP allocations without planning permission, sites with planning permission, expired permissions and other sites identified by the council). The most recent version of this report can be viewed online along with previous versions at www.kirklees.gov.uk/ldfsupportdocuments. There is no 2010/11 version of this document.

Figure 8b – Total amount of gross additional employment floorspace (sq.m.) by type						
Use class	B1a	B1b	B1c	B2	B8	Total
2004/5	6,589			26,936	56,792	90,317

B1/B2/B8		
B1 + A		
Total	77.01	13.55

Shops and services

- 8.7 The Kirklees town centre audit programme monitors retail provision in the main shopping centres of the District. Annual surveys are undertaken to record and monitor the amount of floorspace and numbers of shop units in each centre, and their occupiers.
- 8.9 Figures 8f and 8g provide information on the current provision of convenience (food) and comparison (non-food) retail floorspace in town and district centres, and also the level of vacancy and refurbishment work recorded in these centres. The centres included in the assessment reflect the proposed shopping centre classification from the Draft Proposals (Preferred Option) Consultation stage of the Kirklees Core Strategy. The Strategy has now been withdrawn (see paragraph 3.3) but the proposed classification remains an appropriate means by which to present shops and services information. Only the top 4 classifications (sub-regional town centre, large and small town centres and district centres) are included in figures 8f and 8g as data for the smaller centres (local and neighbourhood) is only collected in terms of shop unit numbers in alternate years. Figure 8e defines the role and function of each centre classification.
- 8.10 An occupancy survey of shopping centres within the district from the sub regional town centre to neighbourhood centre level was undertaken during 2012. As a result of the findings from these surveys, Denby Dale shopping centre has been reclassified as a district centre in the shopping centre hierarchy. It has a good range of shops, provides for everyday needs, and has leisure and community facilities, financial services and some niche retailers. The data in figure 8g therefore now includes Denby Dale as a district centre.

Figure 8e – Shopping Centre Classification		
Tier	Role and function	Centres
Sub-Regional Town Centre	<ul style="list-style-type: none"> provide for shopping growth (particularly non-food) to serve the needs of people in Huddersfield and south Kirklees the main focus in Kirklees for the provision of financial services, leisure and entertainment and health, further and higher education and other public services 	Huddersfield town centre
Large Town Centre	<ul style="list-style-type: none"> provide for shopping growth (particularly non-food) to serve the needs of people in north Kirklees the focus for the provision of financial services, leisure and entertainment and health, further education and other public services for people in north Kirklees 	Dewsbury and Batley town centres

Small Town Centre	<ul style="list-style-type: none"> provide for growth in food shopping to serve the needs of people in the Spen Valley and Holme Valley the focus for the provision of financial services, leisure and entertainment and health, and other public services for people in the Spen Valley and Holme Valley 	Heckmondwike, Cleckheaton and Holmfirth town centres
District Centre	<ul style="list-style-type: none"> provide for everyday needs for shopping, leisure and community facilities and basic financial services appropriate in scale and function to the role of the centre and settlements served include concentrations of shops or services responding to specialist markets 	Almondbury, Birstall, Honley, Kirkburton, Marsden, Marsh, Meltham, Milnsbridge, Mirfield, Moldgreen, Ravensthorpe, Skelmanthorpe, Slaithwaite and Denby Dale*
Local Centre	<ul style="list-style-type: none"> provide for top-up shopping and local services 	33 centres
Neighbourhood Centre	<ul style="list-style-type: none"> provide for a limited range of top-up shopping 	51 centres

*Denby Dale was re-classified from a local centre to a district centre following the 2012 occupancy surveys (see paragraph 8.10)

*The total number of district centres in Kirklees has increased from 13 to 14 in the 2012 assessments (see paragraph 8.10)

9. Environmental quality

Flooding

- 9.1 The Calder Valley Strategic Flood Risk Assessment (SFRA) can be downloaded from www.kirklees.gov.uk/ldfsupportdocuments. This document should be read in conjunction with national planning policies and the latest Environment Agency Flood Map.
- 9.2 During the period 2011/12 period, there were no instances where planning permission was granted contrary to the sustained objection of the Environment Agency on water quality or flood risk grounds. During 2012/13, there was one such instance (figure 9a).

Figure 9a - Planning permissions granted contrary to sustained Environment Agency objections		
Planning application number and description	Reason for <i>sustained</i> EA objection	Reason for authority permission
2012/91516 - Siting of 1 no. storage container, portable office and WC in connection with storage/distribution of car parts. Erection of 2M high paladin boundary fencing and gates	Flood risk	Environment Agency objection relating to access to a beck. Conditions were imposed to overcome the issue.

Areas of biodiversity importance

- 9.3 During the monitoring years 2011/12 and 2012/13, the total area of biodiversity importance in Kirklees changed from 7,174.6 hectares to 7,209.3 hectares which includes sites under the following designations:
- Site of Special Scientific Interest (SSSI) (includes upland areas also designated as Special Protection Areas - SPA)
 - Site of Wildlife Significance (SWS)/Local Wildlife Sites (LWS)
 - Site of Scientific Interest (SSI)
 - Local Nature Reserve (LNR)
 - Biodiversity Action Plan Site (BAP)
 - Ancient Woodland

Open space

- 9.4 The council commissioned a borough-wide comprehensive assessment of open space provision in Kirklees in accordance with the requirements of national Planning Policy Guidance Note 17: Planning for Open Space, Sport and Recreation. The study provides an audit based analysis of the quantity, quality, value and accessibility of open spaces. The study also includes an assessment of existing and future needs for open space, sports and recreational facilities. The published document is available from the council website at www.kirklees.gov.uk/ldfsupportdocuments.
- 9.5 A revised Open Space report was issued in December 2010 taking account of quality and value assessments of new and refurbished sites. The revisions also reflect amendments made to the quality criteria and weightings for each typology. The updated report is also available on the website.
- 9.6 A key purpose of the study was to recommend open space provision standards for the LDF with a view to protecting existing open spaces from development and securing new open space provision where there are deficiencies.
- 9.7 The study also makes recommendations on enhancements to existing open space which will assist the council in developing and improving leisure and recreational opportunities. Some of these recommendations are already being taken into account, for example in the programme to upgrade existing play areas.
- 9.8 Keep Britain Tidy run an annual scheme to benchmark national standards for parks and green spaces in the UK – this awards Green Flag status to reward the best green spaces. Figure 9b shows parks with Green Flag status within Kirklees.

Figure 9b – Parks with Green Flag status within Kirklees

Park Name	Park Location (including grid reference)	Local Authority Managed?	Area (ha)
Oakwell Hall Country Park	Nova Lane, Birstall (421760, 426968)	Yes	46ha
Beaumont Park	Beaumont Park Road, Huddersfield (412637, 414422)	Yes	11ha
Crow Nest Park	Cemetery Road, Dewsbury (423544, 421289)	Yes	17ha
Greenhead Park	Trinity Street, Huddersfield (413537, 416885)	Yes	13ha

10. Waste

- 10.1 Within Kirklees there are a variety of waste management facilities including 3 municipal waste transfer stations, 5 landfill sites, 5 household waste recycling centres (with public access), approximately 50 scrap yards and approximately 20 private sector waste transfer stations. There were no additional municipal waste management facilities brought into use during the 2011/12 or 2012/13 monitoring periods.
- 10.2 During the monitoring year, a total of 195,046 tonnes of municipal waste was generated which represents a reduction since the 2011/12 monitoring year. The amount of waste dealt with by each management method is shown in figure 10a.

Figure 10a – Amount of municipal waste arising by management type

Waste Management Type	2011/12		2012/13	
	Amount of Waste (tonnes)	% of each Management Type	Amount of Waste (tonnes)	% of each Management Type
Waste to Energy (Incineration)	120,478	59.9%	117,806	60.4%
Landfill	9,836	4.9%	10,468	5.4%
Recycled/Composted	70,736	35.2%	66,772	34.2%
Total	201,050	100%	195,046	100%

11. Community involvement and access to information

Statement of Community Involvement (SCI)

- 11.1 The Statement of Community Involvement (as adopted on 27th September 2006) sets out standards to be achieved by the council in involving the community in the preparation of the Local Development Framework (LDF) and the planning applications process. The SCI will continue to be used to inform consultation on a revised plan.
- 11.2 The Unitary Development Plan (UDP) written statement and proposals maps are available at www.kirklees.gov.uk/udp. The schedule of saved and unsaved policies effective from 28th September 2007 is also available here (see paragraphs 5.2 and 5.3).
- 11.3 The council encourages planning applications to be submitted using the standard planning application form (1 App) via the Planning Portal (www.planningportal.gov.uk).
- 11.4 The Kirklees Council website (www.kirklees.gov.uk/planning) enables planning applications to be searched and viewed. The search facility enables the user to access planning application details using information from the application or address, or by map search. The results allow the user to view the application and supporting statements and plans. The website also provides the facility to comment on planning applications or make an enforcement complaint online. A variety of general guidance and advice notes can also be accessed from this website.

Access to information – Local Development Framework

- 11.5 The council has a dedicated Local Development Framework (LDF) webpage (www.kirklees.gov.uk/ldf) from which all LDF documents can be viewed including details of past, current and proposed consultations. We also operate an online system for contributors to register their details and be kept informed of progress on the LDF.
- 11.6 In terms of supporting information, key documents can be downloaded from www.kirklees.gov.uk/ldfsupportdocuments.

Appendix A – Deliverable housing capacity (0-5 years)

The following list shows the deliverable capacity on housing sites in Kirklees (i.e. expected to come forward within the next five years). This list should be read in conjunction with the Strategic Housing Land Availability Assessment (SHLAA) report and associated disclaimer at www.kirklees.gov.uk/shlaa. Note that where sites appear more than once in the list, this is due to separate recording of different elements of the scheme such as conversions/new build and houses/flats.

Sites with planning permission (0-5 years)

HLSR site	Easting	Northing	Address		Locality	Town	Remaining capacity
