

Draft Kirklees Local Plan: Sustainability Appraisal Report Erratum Notice

- 1.1 This erratum relates to the Sustainability Appraisal (SA) Report for the Kirklees Local Plan (September 2015) which was prepared by LUC on behalf of Kirklees Council.
- 1.2 Since the SA Report was published an error was identified in relation to the appraisals of sites H2148 and H2159. The areas of those two sites that had been subject to SA were slightly different to those which were being considered for allocation in the Local Plan by the Council and which were shown on the maps in Annex 1 of the SA Report. Therefore, the SA matrices for sites H2148 and H2159 have been revised to ensure that the findings reflect the correct site areas. This has resulted in changes to some, but not all, of the SA scores for those sites. Only one SA objective score changed for site H2148 and six scores changed for H2159. The revised SA matrices can be found in the updated version of Annex 1 now available on the Council's website. The maps in Annex 1 already showed the correct site areas and have not been changed.
- 1.3 In addition, it has been noted that in a very small number of cases an incorrect site address description was used to label SA matrices in Annexes 1 and 2. This error occurred in relation to 12 of the residential and employment site options, as listed in **Table 1** below. However, the site codes used were correct, as were the land areas that had been subject to SA; therefore these few errors in relation to address descriptions do not undermine the robustness of the SA process. The address descriptions have been corrected in the updated versions of Annexes 1 and 2 now published on the Council's website.
