**Overview:** The chart on page 92 (and Table B on page 93) shows the demand for Reception places from children resident in this planning area is expected to decline overall. This planning area includes more rural parts of the authority, where several schools serve villages that are some distance apart.

In 2022/23 there were a number of unfilled places across almost all schools.

In 2023/24 there were a number of unfilled places at national offer day at half of the schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (78%) living in the planning area attend schools in the area, with a number of pupils (17%) attending schools here from neighbouring planning areas.

**For 2024, 2025 and 2026** population data indicate a declining trend towards 2026 albeit with a small peak in 2025. There is a housing development site with planning permission for 125 dwellings where building has commenced and is expected to take around two years to complete. Engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist.

Place planning strategy (assuming current patterns of migration, housing occupancy, parental preference etc)

- Based on population data the projected need for places is below the capacity of available places
- On balance, slightly more children travel IN to schools in the PA from neighbouring PAs than travel out to schools in other PAs
- Engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist.

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.
