

**KIRKLEES COUNCIL
(TRAFFIC REGULATION) (NO. 16) ORDER 2022
HALIFAX ROAD [A649], HARTSHEAD MOOR, CLECKHEATON
PROPOSED 'NO U-TURN' AND 'ONE-WAY'**

STATEMENT OF REASONS

It is proposed to prohibit all U-turn traffic manoeuvres for vehicles travelling north-westbound and south-eastbound at the above location and introduce a one way along the new service road to be created on Halifax Road from the junction of Sunnybank Close to the junction of Scholes Lane in a south-easterly direction.

The construction of these proposals will involve the installation of traffic signals and a physical central reservation. The above proposals are designed to restrict conflicting traffic movements and deter drivers using the service road to bypass the newly proposed traffic signals which will improve road safety for all road users.
