

**KIRKLEES COUNCIL
(TRAFFIC REGULATION) (No. 28) ORDER 2022**

Dunford Road, Hollowgate; Huddersfield Road; Lower Mill Lane; Towngate; Victoria Square; Victoria Street, Holmfirth.

Statement of Reasons:

Dunford Road, Holmfirth it is proposed to replace a length of single yellow line with double yellow lines. *To prevent waiting vehicles blocking access to Victoria Street, reducing or completely blocking visibility of both vehicles and pedestrians at this location and prevent vehicles waiting across the pedestrian crossing at this location.*

Hollowgate, Holmfirth it is proposed: to replace a length of single yellow line with a limited waiting parking place; replace an existing limited waiting parking place with double yellow lines and a loading restriction; replace a length of single yellow line with double yellow lines and a loading restriction. To prevent waiting vehicles blocking the priority proposed priority passing area, reducing or completely blocking visibility of both vehicles and pedestrians at the priority passing area and to prevent vehicles waiting across the pedestrian crossings at this location. To control vehicles loading/unloading times, to minimise traffic queue lengths along Hollowgate, particularly at the priority passing area.

Huddersfield Road, Holmfirth: replace lengths of existing single yellow line with double yellow lines; replace a length of existing single yellow line with limited waiting parking place. To provide additional parking spaces for visitors to use local shops and amenities for a set period of time.

Lower Mill Lane, Holmfirth: introduce a length of double yellow line. "After concerns were raised by local councillors of the problem caused by parking on Low Mill Lane adjacent to the Elephant and Castle Pub it has also been reported that emergency vehicles have been prevented from accessing Low Mill Lane due to indiscriminate parking. After investigations it is proposed to install a length of double yellow lines to prevent this parking and therefore improve access to the remainder of Low Mill Lane.

Towngate, Holmfirth: amend the hours of a length of single yellow line to accommodate hours of a taxi rank.

Victoria Square, Holmfirth: add a loading restriction to lengths of existing double yellow lines; replace a limited waiting parking place with double yellow lines and a loading restriction.

Victoria Street, Holmfirth: add a loading restriction to a length of double yellow lines; replace a limited waiting parking place with a loading place and a disabled parking place. To prevent waiting vehicles causing an obstruction to traffic on Victoria Square, reducing traffic flows along Hollowgate, Towngate and Victoria Street and forcing vehicles to overtake into oncoming traffic. The restrictions control the time vehicles can load/unload at Victoria Square, minimising traffic queue lengths and improving traffic flows in this area.
